.....

Thank you, Lynda! And thanks to all of you for coordinating yesterday's meeting.

Best,

Noah

Good morning Noah and glad you could make it!

I am traveling today.

I will get post the presentations next week when I am back in the office.

I don't have them all in one place to send by email.

The website is <https://stormcentral.waterlog.com/public/usepar9>

Lynda, thanks for today's meeting. Can you please let me know if the presentation slides are online, or else can you please send them to me? Also, I didn't catch Peter Husby's online address for data. Can you please send that to me?

Best regards,

Noah

Hello,

Thank you to all who have replied with your RSVP.

I have attached an updated agenda for Thursday.

We have more than 60 folks planning to join us, and we are looking forward to a productive technical presentation on Leviathan Mine Superfund Site Activities!

For some of you who are may be new to the site, or the EPA process--- I have attached a copy of 3 handouts for background information:

- HHRA handout (attached)
- Eco risk handout (attached)
- Leviathan Mine site update factsheet (attached)

Best Regards,

Lynda Deschambault

Hello Again.

Happy New year!

A reminder that we are proceeding with our January 28th annual Technical update.

See below.

Attached please find the DRAFT PROPOSED agenda.

If you plan to attend –please RSVP (If you have not yet done so)

If you plan to present information, please have your presentations to me for coordinating content, and loading files----by January 21, 2015.

I look forward to seeing all of you!

Best Regards,

Lynda Deschambault

Subject: January 28th Annual Technical Update Mtg

Hello,

I would like to invite everyone to please save JANUARY 28TH as the date for this year's Annual Technical Update.

With the close of a very robust 2015 field season, this meeting provides us with a great opportunity to recap this year's site activities and discuss next steps and future plans.

DRAFT PROPOSED AGENDA will be send shortly. We will provide an overview of treatment activities performed this year and a review of progress on the Remedial Investigation and Feasibility Study.

We'll also look forward at the coming year(s) and discuss the superfund process and our goals for a timeline and a final remedy for the site.

Thursday, January 28, 2014

1:00 PM – 5:00PM

Carson City Sheriff's Office, Sierra Room

911 East Musser Street in Carson City, NV

The Carson Water Subconservancy District has been kind enough to coordinate the meeting room, and provide some coffee and snacks.

Special thanks for their effort and support!

In order to ensure adequate space and resources, **please RSVP** by emailing me deschambault.lynda@epa.gov or call 415-947-4183 if you plan to attend or not.

If you have any questions or would like to provide suggestions for the annual Technical Summary meeting, please feel free to contact me. I look forward to seeing everyone in January.

Best Regards,

Lynda Deschambault
